- McNab council - concerns w/ being singled out for Alvar
- Miller property left off - have their own SWH study/proposal
 - Appendix A will be amended w/ outcome of Miller
 - ARA gives protection > zoning

- Kavanagh property (south Alvar) - unaware of designation
- subdivision north of Miller incl. - strategic

* properties < 0.5h removed?

Site 9 → along Hwy 17 → Alvar?

no zoning bylaw intended

↳ building official will be unaware of Alvar / SWH / MPR

↳ residential won't trigger OP (consent?)

JP triggers → subdivision
commercial
new lot
site plan

* Alvar will not be included in MPR
- additional layer? \$

Leda Clays - points indicate study, NOT danger, pts may have good factor of safety

↳ REMOVE from Appendix A, captured by valleylands (EP) (still in MPR)

Apr. 29 - Council Mtg.

open house

Zoning — enforced by MUN — protection?

SWH → require a site specific EIS for devmt proposals

* develop an EIS outline for SWH

* now NHRM recommends 120m adjacent land for SWH (+ all others)
