Stuart:

Here's the Minister's responses we've put into the system. Angie Bovoletis in the correspondence unit is now handling all new incoming with these standard responses.

RE: Possible Future Expansion of the Braeside Quarry Aggregate Operation

Dear :

I received your letter dated _____, expressing concerns about the possible expansion of a quarry aggregate operation near Braeside, Ontario.

The Ministry of Natural Resources is responsible for the administration of the *Aggregate Resources Act* (ARA) in all townships designated under the Act, including the Township of McNab/Braeside.

The aggregate operation you are referring to has been in operation since 1954. At this time we have not received any application for expansion of the existing operation. If and when an application is received for an expansion of the existing operation, there will be an opportunity for public comment.

You also expressed concerns regarding a possible septage treatment solution in the Township of McNab/Braeside. MNR is not involved in this option-development stage. I ask that you direct all questions and concerns related to this project to the municipality.

Thank you for expressing your concerns.

Sincerely yours,

Honorable David Ramsay
Minister of Natural Resources

Corinne
I have reviewed the 3 form letters prepared by Doug Skeggs regarding the possible quarry expansion in McNab Township for the Minister's response and approve all three for use.
